

The strength of chemicals.

Arco (TN), 06/07/2018

Subject: **Compliance with the REACH Regulation (European Regulation for Registration, Evaluation and Authorisation of Chemicals).**

Dear Customer,

we would like to inform you that DOMO Engineering Plastics Italy S.p.A. is in compliance with the REACH Regulation (n. 1907/2006) according to the timing and the procedures defined for the products supplied to your company.

DOMO Engineering Plastics Italy S.p.A. as a downstream user of substances and preparations, does cooperate with its own suppliers, in order to ensure that our raw materials are covered by Reach pre-registration/registration deadlines.

Based on our knowledge and the information received from our suppliers, we can communicate that all the products supplied by DOMO Engineering Plastics Italy S.p.A. do not contain any substance included in the Annex XIV, in the Annex XVII and in the Candidate list, (published by the ECHA on 27.06.2018: <http://echa.europa.eu/web/guest/candidate-list-table>), beyond the 0,1% limit.

Do not hesitate to contact us for any further information.

Best regards.
