

DOMAMID® H24 S11

General Properties: DOMAMID®H24 S11 is a low viscous high quality polyamide 6 granulate featuring the quality characteristics mentioned above. It is inherently stabilized against the harmful effects of UV radiation and heat. DOMAMID®H24 S11 is particularly suitable for the production of bright textile filaments using conventional melt spinning processes at high process speed and guarantees excellent further processing properties. The granulate colour is opaque natural white. The product does not contain colour pigments or other additives. The granulate chips are spherical in shape. DOMAMID®H24 S11 is hygroscopic and absorbs moisture from the environment. The processing characteristics of the product changes, if the moisture content increases.

Parameter	Units	Specification value	Test method
Quality identifying marks			
Relative solution viscosity		2.47 +/- 0.03	domo 88-16 According to ISO 307 1 % (w/v) PA-6 in 96 % (w/w) H ₂ SO ₄ , 20 °C
Moisture	wt %	0.06 max.	domo 88-08 ISO 760, coulometric Karl Fischer Titration
Extractables	wt %	0.4 max.	domo 88-11 Sum parameter, water extract
Amino end groups	meq/kg	43 +/- 2	domo 88-09 acid base titration

Parameter	Units	Value
Physical properties		
Density	g/cm ³	1.14
Melting point	°C	220 to 225
Bulk density	g/cm ³	0.65 to 0.70
Weight of 100 chips	g	1.10 to 1.45

Form of delivery

The product is delivered in silo cars, octabins or big bags under the exclusion of moisture.

Product handling

The EU material safety data sheet is binding upon handling the product. **Storage:** Keep the product cool and dry. Keep all bag or octabin packaging closed until use and close them moisture-tightly immediately after use. Avoid direct sunlight. If the specified conditions are met, we guarantee a maximum storage life of 6 months from the date of the invoice.

Inspection certificate

An inspection certificate in accordance with EN 10204 type 3.1 will be enclosed in the delivery, containing the following parameters:
• Relative solution viscosity • Moisture • Extractables • Amino end groups

Certificates for all conformities, for example the food legislation of DOMAMID®H24 S11 with respect to the FDA requirements, 21 CFR 177-1500, EU Regulation 10/2011 and for other countries, will be provided on request.
