

## **Absence Declaration**

Restriction of Hazardous Substances

**EU RoHS 2 - Directive 2011/65/EU**

**EU RoHS 3 - Directive 2015/863/EU**

Dear Customer,

The RoHS Directive aims to prevent the risks posed to human health and the environment related to electronic and electrical waste management. It does this by restricting the use of certain hazardous substances in EEE that can be substituted by safer alternatives. These restricted substances include heavy metals, flame retardants, or plasticizers.

With reference to,

- Directive **2011/65/EC** of the European Parliament on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2) (replacing RoHS Directive 2002/95/EC),
- and Commission Delegated Directive **2015/863/EU** of 31 March 2015 amending Annex II to Directive 2011/65/EU by adding four more substances – DEHP, BBP, DBP, and DIBP – to the list of six (lead, mercury, cadmium, hexavalent chromium, PBB and PBDE) which are already restricted from use in electrical and electronic equipment (EEE),

Please be advised that based on our knowledge of the manufacturing process and on the information available to us from our raw material suppliers, we hereby declare that the materials manufactured and sold by DOMO Chemicals - Engineering Plastics in Europe under the trade names:

TECHNYL ®	TECHNYL ® PROTECT	TECHNYL ® SHAPE
TECHNYL ® 4EARTH ®	TECHNYL ® PURE	TECHNYL ® SLIDE
TECHNYL ® MAX	TECHNYL ® RED	TECHNYL STAR ®
TECHNYL ® ONE	TECHNYL ® SAFE	

do not contain as intentional additives any of the components listed below, above the maximum concentration indicated:

<b>Lead</b> and its compounds	0.1%
<b>Mercury</b> and its compounds	0.1%
<b>Cadmium</b> and its compounds	0.01%

The above information is provided for our customers only (and we accept no liability to any third parties) and reflects our current knowledge and experience of the product at the date of the issue. All products are supplied following our general terms and conditions for sale. We can accept no liability for the effects of any chemical combinations or mixtures of the product which are carried out by our customers or third parties. In using the product our customers are reminded to comply with all relevant legal, administrative and regulatory requirements and procedures relating to its use and the protection of the environment.

Saint-Fons, May 9, 2023

<b>Hexavalent Chromium</b> compounds	0.1%
PolyBrominated Diphenyl Ethers ( <b>PBDEs</b> )	0.1%
PolyBrominated Biphenyls ( <b>PBBs</b> )	0.1%
Bis(2-ethylhexyl) phthalate ( <b>DEHP</b> )	0.1%
Butyl benzyl phthalate ( <b>BBP</b> )	0.1%
Dibutyl phthalate ( <b>DBP</b> )	0.1%
Diisobutyl phthalate ( <b>DIBP</b> )	0.1%

Because we do not expect these substances to be present, we do not specifically run any analysis on our raw materials or end products to measure for them.

This statement applies to materials as supplied by DOMO Chemicals - Engineering Plastics and without any further modifications in the composition, resulting from processing or from inadequate use and/or storage of the above-mentioned product.

Yours sincerely  
Your DOMO team
